

Breaking Free - Affiliate Dashboard Guide

Member sign-in and referral links

A step-by-step guide for Breaking Free members who want to sign in to the affiliate dashboard, share referral links, and track earnings.

Website: <https://breakingfreemarket.com> Alternate URL: <https://breakfreemedia.web.app> Help Center: <https://breakfreemedia.web.app/support#affiliates>

Related Help articles: become an affiliate, benefits, how to log in, where to see sales, and how you get paid.

Before you start

Affiliate login is not email and password. You sign in with your Breaking Free member ID and the crypto wallet registered to your membership.

Have these ready:

What you need	Notes
Breaking Free member ID	Your numeric member number (for example, 12345)
Registered wallet	The same Web3 wallet linked to your Breaking Fre
Web3 wallet app	MetaMask or another browser wallet extension
Desktop browser	Chrome, Edge, or Firefox recommended for wallet

Important: The wallet you connect must be the exact wallet registered with your member ID. If you connect a different wallet, login will fail.

Affiliate login does not use your My Library or Creator email/password.

If you do not have a member ID yet, submit a Help Center request with topic Affiliate commission. Include the wallet address you will use. Support replies by email.

Part 1 - Install a Web3 wallet (if you do not have one)

1. Install MetaMask (or another supported wallet) as a browser extension.
2. Create or import your wallet.
3. Make sure this is the same wallet address you registered with Breaking Free membership.
4. Unlock your wallet before signing in.

If you are not sure which wallet is registered, check your Breaking Free membership records or contact Breaking Free support before continuing.

Part 2 - Learn about the affiliate program (optional)

1. Go to Affiliates in the site footer, or open: <https://breakingfreemarket.com/affiliates>
 2. Read how the program works:
 - Find books, music, and courses to promote
 - Share your personalised referral link
 - Earn commission when qualifying sales complete
 1. When ready, click Become an affiliate to go to the login page.
-

Part 3 - Open the affiliate login page

You can reach the login page in any of these ways:

1. Footer - under Creators, click Affiliate Sign In
 2. Affiliates page - click Become an affiliate
 3. Direct link - <https://breakingfreemarket.com/affiliate/login>
-

Part 4 - Enter your member ID

1. On the Breaking Free affiliate login page, find the field Affiliate member ID.
2. Enter your Breaking Free member ID (numbers only, for example 12345).
3. Do not include letters or symbols.

If you see an error about member not found, double-check your ID or confirm your membership is active.

Part 5 - Choose your wallet (if prompted)

The site detects installed wallet extensions automatically.

- One wallet found: The page shows which wallet will be used (for example, MetaMask).
 - More than one wallet found: Click the wallet that matches your registered Breaking Free membership.
 - No wallet found: Install MetaMask (or another Web3 wallet) and refresh the page.
-

Part 6 - Accept the legal agreements

Check both required boxes:

- Affiliate Program Terms and Terms of Service
- Privacy Policy

You cannot sign in without accepting both.

Part 7 - Complete the security check

Complete the CAPTCHA / human verification shown on the page (if displayed).

This helps protect the platform from automated sign-in attempts.

Part 8 - Connect your wallet and sign in

1. Click Connect wallet & sign in.
2. Your wallet extension will open. Click Connect or Approve to connect your wallet to the site.
3. Your wallet will then ask you to Sign a short login message. This proves you own the registered wallet. It does not move money or charge a fee.
4. Click Sign in your wallet.

If successful, you will see Affiliate login successful and be taken to your dashboard.

Part 9 - Your affiliate dashboard

After login, you arrive at: <https://breakingfreemarket.com/affiliate/dashboard>

At the top you will see:

- Member # - your affiliate member ID
- Wallet - a shortened version of your connected wallet address

The dashboard has five tabs:

Tab	What it is for
Overview	Summary of referrals, pending earnings, and paid
Discover	Browse books, music, courses, and creators to pr
My Links	Build and copy personalised referral links and Q
Earnings	Each referred product sale, payout status, and c
Payments	Withdraw eligible ETH / USDC / USDT commission f

Part 10 - Get your first referral link

Option A - General site link

Your base referral link format is:

` [https://breakingfreemarket.com/?ref=YOUR\\_MEMBER\\_ID](https://breakingfreemarket.com/?ref=YOUR_MEMBER_ID) `

Replace YOUR_MEMBER_ID with your numeric member ID.

Option B - Product or creator link (recommended)

1. Open the Discover or My Links tab.
2. Search for a book, music release, course, or creator storefront.
3. Click to generate your personalised link.
4. Copy the link, or share via WhatsApp, email, or QR code.

Tip: Product-specific links often convert better than a general homepage link.

Rule: Do not remove or change the ref= part of the link. That is how the platform credits you when someone buys.

Part 11 - Share and track earnings

1. Share your link on WhatsApp, social media, email, or your website.
2. When someone buys through your link, the sale appears under Earnings.
3. Commission may show as Held until the release period passes, then Eligible for payout or Paid.
4. Check Payments for withdraw options on eligible crypto balances.

How you get paid

- Card sales: held for about 48 hours, then sent as ETH to your registered wallet.
- ETH / USDC / USDT escrow sales: credited on-chain after release. Withdraw from Payments (Ethereum for ETH, Polygon for USDC and USDT).
- Creator recruitment bounty: 20% of a referred Creator or Professional plan, paid in USDC on Polygon after a 72-hour hold. These rows sit under Creator recruitment bounties on Earnings.

Payouts always go to the wallet registered with your member ID. Refunds can void commission still on hold.

Part 12 - Sign out and sign in again

To sign out:

1. Open your affiliate dashboard.
2. Click Sign out (top right).

To sign in again:

1. Go to <https://breakingfreemarket.com/affiliate/login>
 2. Enter your member ID.
 3. Connect the same registered wallet and sign the login message.
-

Quick checklist

1. Breaking Free member ID ready
 2. Registered wallet installed and unlocked
 3. Opened /affiliate/login
 4. Entered member ID (numbers only)
 5. Accepted Affiliate Terms and Privacy Policy
 6. Connected wallet and signed login message
 7. Reached affiliate dashboard
 8. Copied a referral link from My Links or Discover
 9. Shared link and checked Earnings tab
-
