

Breaking Free - Creator Registration Guide

Beginner step-by-step sign-up

A step-by-step guide for beginners who want to sell books, music, or courses on Breaking Free.

Website: <https://breakingfreemarket.com> Alternate URL: <https://breakfreemedia.web.app> Help Center: <https://breakfreemedia.web.app/support#creators>

Before you start

Have these ready before you begin:

What you need	Notes
Email address	You must verify it before you can finish setup
Password	At least 6 characters
Display name	The public name buyers will see (for example, Ja
Short bio	A few sentences about you and what you create
Content types	Books, music, and/or courses - pick at least one

Recommended later (not required to register):

- Profile photo and storefront banner
- Bank or payout details (Stripe) or a crypto wallet for ETH payouts
- Your first product file (for example, a PDF for a book)

Part 1 - Open the registration page

You can reach the sign-up page in any of these ways:

1. Footer - under Creators, click Become a Creator
2. Top menu - click the Become a Creator button
3. Price Plan page - go to /pricing, then click Become a Creator
4. Direct link - <https://breakingfreemarket.com/author/register>

Part 2 - Fill in the registration form

On the Become a Creator page, complete every field:

Display name (required)

Your public creator name. Buyers will see this on your storefront.

Email (required)

Your login email.

Already have a My Library (buyer) account? You can use the same email. Sign in and complete your creator profile on this same page.

Password (required)

Choose a password with at least 6 characters. Store it somewhere safe.

Bio (optional but recommended)

Tell buyers who you are and what you create.

What type of creator are you? (required)

Check at least one box:

- Books
- Music
- Courses

You can change this later from your profile.

Legal agreements (required)

Check both boxes:

- Creator Agreement and Terms of Service
- Privacy Policy

You cannot continue without accepting both.

Create your account

Click Create account.

You should see a message like: *Account created. Check your inbox (and spam) for the verification email.*

Part 3 - Verify your email

Email verification is required before you can finish setup or sell anything.

1. Open your email inbox. Check your Spam or Junk folder too.
2. Look for a verification email from Breaking Free or Firebase.
3. Click the verification link in the email.
4. Return to the registration page and click I've verified my email if prompted.

If you do not see the email:

- Wait a few minutes
- Click Resend verification email
- Try again after clicking the link in your inbox

You cannot complete your creator profile until your email is verified.

Part 4 - Complete your creator profile

After email verification, the page changes to Complete your creator profile.

1. Confirm your display name, bio, and content types are correct.
2. Re-check the legal agreement boxes if needed.
3. Complete the security check (CAPTCHA) if shown.
4. Click Save profile.

You will be taken to the Creator Setup page at /author/onboarding.

Part 5 - Follow the setup guide

The platform shows a 6-step setup guide called Launch your creator store. Work through these in order:

Step	What to do
1. Create account	Done once you have registered
2. Creator profile	Display name and bio saved
3. Choose plan	Pick Launch, Creator, or Professional on the Pri
4. Connect payouts	Set up Stripe (card sales) and/or add a crypto w
5. Create first product	Upload a book, music release, or course
6. Preview storefront	See how your public store looks to buyers

Open your dashboard anytime at: <https://breakingfreemarket.com/author/dashboard>

Part 6 - Choose your plan

1. Open Price Plan from the footer or your dashboard.
2. Compare Launch, Creator, and Professional.
3. Select the plan that fits you. You can start free with limited listings.

Important: You must choose a plan before you can publish products for sale.

Plan	Best for
Launch	Getting started free with limited catalog
Creator	Growing catalog with lower platform fees
Professional	Full catalog plus advanced affiliate options

Part 7 - Set up payouts

In your Creator Dashboard, find Set up card payouts:

1. Choose your Payout country (where you bank and pay taxes).
2. Click to connect Stripe and follow Stripe's steps (bank details, identity verification, and so on).

Note: Once Stripe is connected, the payout country is locked. Choose carefully.

Alternative: You can add an ETH crypto wallet in the dashboard for crypto payouts if you prefer that option.

You need either Stripe or a crypto wallet set up before you can receive sales.

Part 8 - Customize your storefront (recommended)

From the Creator Dashboard, you can add:

- Profile photo (avatar) - JPG, PNG, or WebP, max 5 MB
- Storefront banner
- Intro video (optional)
- Edit your display name, bio, and store URL

These help buyers trust and recognize you.

Part 9 - Upload your first product

Example: uploading a book

1. In the dashboard, click + Create (or use Quick create on the setup page).
2. Choose Book.
3. Fill in title, description, price, genre, category, sample preview pages, and your PDF file.
4. Click Upload and convert.

The platform uploads your PDF and converts it into a protected flipbook reader. This can take a few minutes.

1. When done, open the Book review page to preview your book.

Music and courses

Follow the same general flow from the dashboard:

- Music - upload cover art, preview clip, and track files
 - Course - upload cover image, preview video, and episode videos
-

Part 10 - Submit for approval and go live

Before a product appears in the marketplace:

1. Open the product Review page from your dashboard.
2. Preview your content to make sure it looks correct.
3. Click Submit for admin approval.

Your product status becomes pending admin approval. Platform admins review it. Once approved, it goes live on the marketplace and your storefront.

Part 11 - Sign in later

When you return to the platform:

1. Go to <https://breakingfreemarket.com/author/login>
2. Enter your email and password
3. Complete the security check

4. Click Sign in

Forgot your password? Use [Forgot password?](#) on the login page.
